

# Multi-Gas Clip (MGC) Dock

Multi-Gas Clip (MGC) Dock.

## Introduction

Building on our long-lasting partnership with Gas Clip Technologies, we offer the MGC Dock to our customers as part of our equipment rental portfolio. This stand-alone docking station is designed for maximum testing efficiency and portability.

## Key Features

- Test 4 units at one time, up to 12 instruments in a minute.
- Easy 1 button operation.
- Robust rechargeable internal battery, up to 1500 tests before recharging.
- Internal gas cylinder regulator and pressure gauge.
- USB memory for bump test and event log storage.
- Optional unit configuration and firmware updates via GCT Manager Software.
- Rugged Pelican® case or Wall Mount Dock.
- No computer required to operate.

# Multi-Gas Clip (MGC) Dock

Multi-Gas Clip (MGC) Dock.

## Key Benefits

- It tests up to four units simultaneously reducing the testing time and gas usage.
- Simple to operate, facilitating user training.
- Logs can easily be transferred to a computer for analysis.
